Dynamiq Yachts launched the innovative 130' Jetsetter - Ocean Of News

The very anticipated new Dynamiq D4 Jetsetter was launched by the new yard in Italy. She embodies the vision of Sergei Dobroserdov to create a Grand Touring superyacht, offering power, efficiency and comfort. She is built on a proven hull, designed by Azure and Van Oossanen Naval Architects, creating a sleek and fuel efficient hull. This hull will offer the superyacht the ability to reach 21 knots and a cruising range of 3000 nm. She is also fitted with stabilizer to ensure comfort while at anchor. Bannenberg & Rowell design a stylish and sophisticated interior. The eight guests are accommodated in four cabins fitted with loose furniture to facilitate customization. She is currently for sale at 14.500.000 euros via IYC.
