

New Motor Yacht DYNAMIQ D4 Update

July 03, 2015

Featured on CharterWorld on [June 30](#), DYNAMIQ represents a brand new category of superyachts, destined for long-distance journeys in maximum comfort and luxury. First motor yacht DYNAMIQ D4 is currently under construction at the [NCA shipyard](#) in [Italy](#)'s Carrara, with launch scheduled for August 2016. This week, the 38,6m (127') superyacht DYNAMIQ D4 has been moved to the new shed for outfitting, as show the video and photos below, kindly provided by DYNAMIQ.

With a hull developed by the prestigious Dutch naval architects [Azure](#) and optimisation by well known hydrodynamic specialists [Van Oossanen](#), the overall interior design of DYNAMIQ D4 yacht has been realised by the prominent London-based design studio [Bannenberg & Rowell](#). The interiors boast an elegant, contemporary style.
