## Dynamiq & Klassen Launch VIP Yacht Experience

3-4 минуты

The high-end superyacht builder [Dynamiq](#) and the leading German VIP car outfitter [Klassen](#) will launch the ultimate VIP yacht experience at the Geneva Motor Show this March.

Dynamiq and Klassen share the same values related to high-end materials, engineering, finishing, and maximum comfort onboard for their demanding clientele. It's all about flawless perfection and first-class comfort on land and sea. – Paul Klassen, CEO of Klassen

From spring 2020, Dynamiq yacht owners will be able to order the “Wheelhouse by Klassen” option, as well as a variety of vehicles (Mercedes V class van and 2 SUVs, Bentley

Bentayga and Mercedes GLS Maybach). These can be delivered in the same interior colors and trim as the mother yacht for transporting guests to and from the vessel. The Wheelhouse options will be available for all Dynamiq superyacht models via its online yacht configurator at [www.bedynamiq.com](http://www.bedynamiq.com).

This collaboration is further tangible proof that Dynamiq is the best value-for-money choice on the market for highly customized modern yachts that outperform competitors in every component. – Sergei Dobroserdov, Founder & CEO of Dynamiq Yachts

The first example of this collaboration, 41-metre Dynamiq superyacht GTT 135 will be world-premiered at the Monaco Yacht Show in September 2020.
