Its innovative and fresh approach makes it a like-minded partner for Dynamiq in the pacific region of crystalline waters.

"Owning a private superyacht is a growing trend in Asia." says Greg Dagge, Central Yacht Partner. "Our Team has strong connections with the superyacht industry and are fully at home in the global superyacht market through our extensive sailing in the Mediterranean, the Caribbean and the Pacific. Now our goal is to position Dynamiq as the most innovative and smart superyacht brand in the Asian market by focusing on the efficiency, performance, design and quality that enables owners to have the best boating experience. "

"This is an important addition to our dealer network," says Marco Ramundo, Dynamiq Shipyard Managing Director.

"Central Yacht has mentored several Asian owners through

the superyacht build process and will allow potential buyers to have a direct contact in Asia.
