

Dynamiq GTT 135 Stefania Is Ready to Launch in Tuscany | Lux Exposé

3-4 минуты

Following two years of engineering and construction, the first 41-metre [Dynamiq](#) GTT 135 Stefania is ready for launch at the company's shipyard in Massa, Tuscany. The full-aluminium superyacht's Fast Displacement hull was created by leading Dutch naval architects Van Oossanen and exterior was designed by Monaco-based studio Dobroserdov Design.

The hull of Dynamiq GTT 135 Stefania has a round-bilge shape for remarkably low resistance and low fuel consumption while still being capable of high speeds. The yacht is powered by twin MAN V12 1650 engines for a maximum speed of 20 knots with an ocean-going range of 3,500 miles at cruising speed. She has a shallow draft of 1.8 metres for cruising the remote cays and shoal waters of the Bahamas, for example.

The oversized sundeck divided into two different zones includes a jacuzzi forward and two 75-inch TV screens and a bar unit for enjoying the panoramic views in style. The oversized main deck features aft pool with a capacity of 4,500 litres, the open-air beach club area, and a second bar.

The interiors feature the impressive 2.2-metre ceilings. The spacious 5-cabin layout on the lower

deck ensures motion comfort on board for all the guests. The main salon boasts the real fireplace. Dynamiq also joined creative forces with German VIP car outfitter Klassen to develop the special “Wheelhouse by Klassen”, which comes with the same quality and style of Klassen VIP shuttle vans with sporty trim and high-end finishes.

The yacht has started an intensive programme of pre-launch tests and will touch the water for the first time early in January. After sea trials she will travel to her home port in Monaco and will be available for charters through Arcon Yachts, who were also the build managers during construction.

The second hull in this new-generation of fast but highly efficient family cruisers is available at a special base price and shortened delivery time, complete with optional Bentley Home furniture and accessories.
