Dynamiq starts the New Year with exciting news and we are proud to announce a collaboration with the oldest and one of the most prestigious porcelain manufacturers in Europe: **MEISSEN** in Germany was founded in 1710 and is renowned around the world for its centuries of craftsmanship and artistic tradition.

"Dynamiq's philosophy is to work with the best companies in the industry, and with [#Meissen](#) we are now able to offer their beautiful porcelain to our clients," says Paola Gorla, Dynamiq's Head of Interiors. "The Crossed Swords insignia of [#Meissen](#) is synonymous with the highest-quality porcelain and can be seen in the top hotels and on the most luxurious yachts, including Dynamiq yachts in the future."

With two hand-picked collections perfectly fitting the interior style of Dynamiq yachts, the "MEISSEN for Dynamiq" package includes plates, cups, vases and decorative items, which can be further customised for the client by adding the [#yacht](#) name

or initials onto each item. Tailor-made porcelain storage will also be installed on board the yachts for safe storing.

"We are very happy to work with Dynamiq. We definitely share some synergies in innovative [#design](#) and modern attuned products. " says MEISSEN CEO Georg Nussdorfer. "Our dedicated specialists will be happy to support Dynamiq's client in finding the right porcelain for him or her, as well as further personalising the collections to their needs."
